**EXPLANATORY STATEMENT PURSUANT TO SECTION 102(1) OF COMPANIES ACT, 2013("THE ACT")
(Forming Part of the Notice convening the 34th AGM)**

Item No.4 The Board of directors in order to fill in the casual vacancy in the office of Independent director caused by the extremely sad and sudden demise of Sri Lalit Kishore Choudhury in the night of 17th May, 2020, has approved the appointment of Mr. Baninder Singh Sahni as an Independent Director of the Company in their meeting held on 19/06/2020; for a period of five years being from 19/06/2020 to 18/06/2025, not retiring by rotation and subject to approval and ratification by the members of the Company by passing a special resolution and accordingly such special resolution has been included in the agenda of the forthcoming 34th AGM. Such appointment of Mr Baninder Singh Sahni has been made on the recommendation of Nomination and remuneration Committee of the company.

Mr. Baninder Singh Sahni, is a young, energetic man of 35 year old. He is a qualified B Com (Hons) from St. Xaviers college, Kolkata and has completed the course of MBA from ICFAI, Hyderabad. He has good knowledge of the general business administration, finance and accounts. The board feels the company will immensely benefit from his role as an independent director of the company. Further he meets the criteria and qualifications as laid down for Independent Director of the company in the Companies Act, 2013 and has also submitted his consent to act as such. Your Board recommends his appointment and request you to consider and approve the special resolution appointing him as the Independent Director of the company for five years.

Besides, Mr. Baninder Singh Sahni himself; no other director/KMP and or their relatives are deemed to be concerned or interested, financially or otherwise, in the proposed Special Resolution appointing him as the Independent Director of the Company.

BOARD OF DIRECTORS' REPORT TO THE SHAREHOLDERS

Your Directors present their 34th Annual Report on the business and operations of the Company and its Audited Statements of Accounts together with Auditors' Report for the financial year ended 31st March, 2020.

	Current year (31.03.2020) Rupees in Lakhs	Previous year (31.03.2019) Rupees in Lakhs
1. <u>SUMMARY OF FINANCIAL RESULTS AND PERFORMANCE OF THE COMPANY:</u>		
Income from Operations (Including other Income)	1116.65	1750.05
Profit/(Loss) before and also after exceptional and Extra-ordinary items and before taxes	(352.99)	961.48
Less: Tax Expenses for the year	2.58	255.13
Add: Deferred Income Tax (Assets)	11.71	46.07
Net Profit /(Loss) for the year after tax	(367.28)	752.42
Add: Other Comprehensive income	(120.04)	42.71
Total Comprehensive income (including Post Tax Profit/(Loss) for the year)	(487.32)	795.13

2. DIVIDEND:

Your Directors do not recommend any dividend for the year under review.

3. RESERVES

No amount has been transferred to the reserve by the Board during the year under review.

4. THE COMPANY'S WORKING/STATE OF AFFAIRS DURING THE FINANCIAL YEAR UNDER REVIEW

The Company's overall working performance during the financial year under review has not been satisfactory. The Company's Sponge Iron Plant at Jamshedpur operated for few days during may, 2019 and thereafter had to be shut down to rectify the major snags developed/found in the ESP(A critical and important part of the pollution control equipments and system). Such rectifications were completed by August ,2019 but by that time the market conditions of sponge iron had turned very bearish and operations were found to be economically unviable and hence the plant remained shut. The plant started operations from 22.1.2020 on trial basis to check the smooth operation and efficiency of ESP but suddenly the govt announced lock down to control spread of COVID-19 viral disease and hence the plant was shut down on from 24th march,2020. In view of above, the Plant during the year under review could produce only 4356 M.T. of Sponge Iron. The total sales revenue of the Sponge Iron during the year was only Rs 722.10 lacs net of taxes and thus the plant incurred substantial fixed overheads and also operational losses during the year under review. Since the market conditions continue to be highly bearish and unfavourable together with low selling prices with no corresponding downward adjustment in raw material prices mainly iron ore making the operations commercially unviable; the management has decided to keep the plant shut for an indefinite period. The Board is of the considered view that the said plant has not operated profitably for the past several years for reasons and circumstances beyond the reasonable control of the management and on the contrary it has been a loss unit and is likely to be so in future as well(unless the market conditions become favourable and raw materials begin to be available at economical rates on a fairly consistent basis thus turning the operation profitable on a fairly long term basis) and hence it may be prudent to monetize the same by disposing off after taking prior consent of the shareholders.

Further, the Company had entered in to a Business Transfer Agreement on 03.01.2019 (FY 2018-2019) with M/s. SHV Energy Pvt. Ltd. to sell them the Company's LPG Bottling Plant, at Uluberia, Howrah, by way of a slump sale on a going concern basis subject to the consent and approval of the West Bengal Industrial Infrastructural Development Corporation (WBIIDC), Kolkata. The said slump sale transaction/deal is still pending as the necessary approval and consent from WBIIDC has not been received. However, the Company is optimistic and hopeful of completing this transaction in the current financial year – 2020-21 after getting the approval of WBIIDC.

The Company's LPG Bottling Plant at Raigarh continues to be inoperative as the commercial operation thereon are not remunerative and economically viable. The Board has taken authority from the members through Postal Ballot to dispose off the said Plant but unfortunately no buyer/purchaser has come forward till date. The Board considers that only the free-hold land of the said Plant has commercial value and the plant & equipments, being very old and obsolete, have only scrap value.

Further, during the year under review, the Company's revenue from operations net of taxes stood at Rs. 818.11 lacs (previous year Rs.276.47 lacs) and the other income stood at Rs 298.54 lacs (previous year Rs.1473.58 lacs) and hence the total income stood at Rs 1116.65 lacs (previous year Rs.1705.05 lacs). The company has incurred a net loss of Rs. (367.28) lacs (previous year net profit of Rs.752.42 lacs). The Other Comprehensive Income (OCI) for the year stood at Rs.-120.04 lacs (previous year Rs.42.71 lacs). The total comprehensive income for the year stood at Rs.-487.32 lacs (previous year Rs.795.13 lacs).

Your Board continues to make its best possible efforts to improve the overall working and financial performance of your Company.

Most unfortunately Sri Lalit kishore choudhury expired on 17.05.2020. The board offers deepest condolences on his Sudden, most sad and untimely demise and gratefully appreciates his valuable contributions to the company during his tenure as independent director and as the non-executive Chairman. May god give peace to his noble soul.

Mr. Neeraj Chhabra was appointed as the independent director for a period of five years from 18-01-2019 to 17-01-2024 and his appointment was confirmed and ratified by the members through E-voting and in the last 33rd AGM. Mr. Baninder Singh Sahni was appointed as the new independent director of the company on 19.06.2020 to fill in the casual vacancy caused by the demise of Sri Lalit Kishore Choudhury.

Further Mr. Vishesh Chhibbar and Mr. Purnamal Agarwal are the Directors who retire by rotation at the forthcoming 34th AGM and who being eligible have offered themselves for re-appointment in the said ensuing 34th AGM. The brief resume about Mr. Vishesh Chhibbar and Mr. Purnamal Agarwal, Director, seeking re-appointment is annexed with the notice of AGM. Your Board recommend their reappointment.

Shweta Mishra, the Company Secretary, had resigned from her post for personal reasons and the Board in it's meeting held on 29.5.2019 had accepted her resignation and hence w.e.f. 29.5.2020 she ceased to be the Company Secretary. The Board in its meeting held on 28.02.2020 has appointed Mrs Anamika Sinha Roy as the new company secretary of the company.

B) Declaration by an Independent Director(s) and Re-appointment, if Any:

Declaration given by Independent Directors meeting the criteria of independence as provided in sub-section (6) of Section 149 of the Companies Act, 2013 and Rule 5 of the Companies (Appointment and Qualification of Directors) Rules, 2014 has been received and taken on record.

17. BOARD MEETINGS HELD DURING THE YEAR :

During the year the Board of Director's Meetings were held on five occasions e.g. on 29.05.2019, 29.07.2019, 08.11.2019, 17.01.2020 and 28.02.2020. The Independent Directors held their separate exclusive meeting on 28.02.2020.

18. AUDIT COMMITTEE, NOMINATION & REMUNERATION COMMITTEE, STAKEHOLDERS RELATIONSHIP COMMITTEE :

19. LOANS, GUARANTEES AND INVESTMENTS:

Regarding loans given by the Company please refer to Note No.12 and for investments made by the Company, please refer to the Note No.5 in the annual Financial Statements of Accounts. The Company has not given any guarantee of any kind to any person or to any Bank or Financial Institution.

20. RELATED PARTY TRANSACTIONS AS REQUIRED UNDER SECTION 188(1) COMPANIES ACT, 2013:

The company has paid Rs. 3.00 lacs to a related party as office rent and has also paid Rs. 11.62 lacs as remuneration to the Managing Director. These Related Party transactions are in the normal course and are not considered to be material and hence approval of the same from the shareholders is not required. There are no other related party transactions. Please refer to Form AOC-2 annexed with this Board Report and which forms part of it. The details of payment made to other related parties is defined under Ind-AS Accounting Standards are as per Note No.33(4) on financial statements.

21. MANAGERIAL/DIRECTOR'S REMUNERATION:

The particulars of the same are as mentioned in the Corporate Governance Report annexed to this Board Report.

22. SECRETARIAL AUDIT REPORT AND SECRETARIAL COMPLIANCE REPORT :

Annual Secretarial Audit Report for the financial year ended 31st March, 2020, along with Annexure 'A', dated 12th June, 2020 (in the prescribed Form No.MR-3) as given by the secretarial auditors, M/s Patnaik & Patnaik, Company Secretaries, is annexed hereto and forms part of this Board Report as Annexure – 1

The Secretarial Compliance report dated 12th June, 2020 for the financial year ended 31st March, 2020, in relation to compliance of applicable SEBI Regulations/Circulars/guidelines issued there under, pursuant to requirement of regulation 24A of listing regulations; as issued by the aforesaid secretarial auditors is also annexed as Annexure “2” and forms part of this Board report. With respect to the said auditors observation about the dematerialisation of shares under promoter's group; the board wish to submit that only a very negligible 58500 number of shares representing just 0.47% are yet to be dematerialized due to some unavoidable pending legal issues concerning transmission of shares upon death of some shareholders and for some other unavoidable reasons. Management is constantly following up the matter and it is hoped that the pending shares shall be dematerialized during the current FY -2020-2021.

23. CORPORATE GOVERNANCE :

The Company files quarterly Corporate Governance Report with BSE Ltd. as required under SEBI LODR REGULATION-27. Corporate Governance Report along with the certificate dated 12th June, 2020 of the Secretarial Auditors confirming compliance of conditions of Corporate Governance as required under the relevant Regulations of SEBI LODR Regulation – 2015 is annexed to and forms part of this Board Report.

24. RISK MANAGEMENT POLICY:

The Company's biggest risk is with regard to procurement of critical raw materials namely Iron-Ore and Coal at reasonable/affordable rates but it has virtually no control on the same as only a limited number of Iron Ore Mines are in operation with almost monopoly status and similarly the coal has to be procured from the Coal India Ltd., again virtually the monopoly supplier in the Country and fixes the coal prices arbitrarily. The Company also procures imported coal whose prices keep changing in the International Market as per demand supply equations. The other risks are the wide fluctuations in the selling price of Sponge-Iron which again depend on Demand and Supply and your Company being a nominal player has no control or influence on the same. The Company has, however, laid down procedures to inform the Board of Directors about Risk Assessments and it's minimization procedures. The Board has also framed and implemented the Risk Management Plan for the Company to the extent it was possible, feasible and practical. The formation of Risk Management Committee is not applicable to the Company as the requirement is applicable to only top 500 listed entities on BSE Ltd. as per Regulation 21 of SEBI LODR REGULATIONS, 2015.

25. DISCLOSURES ABOUT REMUNERATION TO DIRECTORS VIS-À-VIS EMPLOYEES AND OTHER PARTICULARS AS REQUIRED UNDER SECTION 197 OF THE COMPANIES ACT 2013 READ WITH RULE 5 OF COMPANIES (APPOINTMENT & REMUNERATION OF MANAGERIAL PERSONNEL) RULES, 2014:

- A. During the year a remuneration of Rs. 11,62,500/- was paid to Managing Director and Director sitting fees of Rs.40,000/- was paid to the Independent Directors for attending the Board Meetings and none of the other directors received any remuneration and therefore, the computation of ratio of remuneration of each Director to the median remuneration of the employees of the Company are not furnished. The remuneration paid and/or payable to the Key Managerial Personnel's is very reasonable and commensurate with their performances. The remuneration paid to the employees is as per the remuneration policy of the Company, which is dynamic in nature and changes as per the financial performance of the Company and of an individual employee including their work experience, competency, job profile, skill and seniority.
- B. No employee of the Company during the financial year was in receipt of remuneration aggregating to Rs.102 lacs or more if employed for the whole year and Rs. 8.5 lacs per month if employed for a part of the financial year. No employee of the Company is holding 2% or more of the Equity Shares of the Company. The number of permanent employees as at year-end were thirteen and the ratio of remuneration paid to Managing Director to median remuneration of the employees was 5:1.

26. DISCLOSURE UNDER SEXUAL HARRASSMENT OF WOMEN AT WORKPLACE (PREVENTION, PROHIBITION & REDRESSAL) ACT, 2013:

The Board of Directors and/or the Management of the Company has not received any complaint on this account from any of the employees of the Company or from any other person.

27. DIRECTORS' RESPONSIBILITY STATEMENT:

The Directors' Responsibility Statement referred to in clause (c) of sub-section (3) of Section 134 of the Companies Act, 2013, states:-

- (i) That in the preparation of the annual accounts for the financial year ended 31st March, 2020, the applicable accounting standards had been followed along with proper explanation relating to material departures.
- (ii) That the Directors had selected such accounting policies and applied them consistently and made judgments and estimates that were reasonable and prudent so as to give a true and fair view of the state of affairs of the Company at the end of the financial year and of the profit of the Company for the year under review.
- (iii) That the Directors had taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of the Companies Act, 2013 for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities.
- (iv) That the Directors have prepared the accounts for the financial year ended 31st March, 2020 on a going concern basis.
- (v) That the Directors had laid down internal financial controls, which are to be followed by the Company, and that such internal financial controls are adequate and were operating effectively.
- (vi) That the Directors had devised proper systems to ensure compliance with provisions of all applicable laws and that such systems were adequate and operating effectively.

28. ACKNOWLEDGEMENT:

Your Directors would like to convey their sincere appreciation for the assistance and co-operation received from the Stakeholders during the year under review. Your Directors also wish to place on record their appreciation for the contribution of the employees .

MANAGEMENT DISCUSSION AND ANALYSIS REPORT (Part of Board/Annual Report)

As per SEBI disclosure regulation 34(3) and schedule V (clause-B)
(For the Financial Year ended 31st March, 2020)

(a) Industry Structure and Developments:

The principal product of the Company is Sponge Iron which is manufactured at its Plant located at Jamshedpur. Sponge Iron is used by secondary steel melting shops (induction furnaces) for making steel billets/ingots which in turn are used by the re-rollers for making long products (TMT BARS) used in the house building and in the infra-structure development. The selling prices of Sponge Iron are market driven and fluctuate widely and the Company has no control over it. The principal components of cost of Sponge Iron are coal, iron ore and freight and the Company has virtually no control on their availability and cost due to near monopoly status of mine owners and heavy unionism of local transporters. The standalone sponge iron plants in the country have been suffering for last several years for the said reasons particularly as the iron ore mine owners leave nothing much on the table for the industry with frequent hikes in the prices and as such several sponge iron plants are lying closed or operating at lower capacity and there is virtually no hope of any meaningful turn around in the near future particularly as iron ore availability and prices have become more uncertain as most of the iron ore mining leases had expired on 31.3.2020 and the govt has allotted the same to the highest bidders through E-Auction. The new allottees have made very aggressive bids and it is uncertain when will they start mining after completion of host of formalities and what will be the price of iron ore?

(b) Opportunities and Threats :

The consumption of Sponge Iron is mainly linked with the consumption of TMT Bars used in house building and infra-structure sectors. The house building/real estate sector is undergoing slow down for the last several years and still struggling due to lower demand/sales and excess supply and the problem has accentuated due to prolonged lock down in the country declared by government since 25.03.2020 due to COVID Virus disease. The infrastructure and road building sector had seen some revival in the past few years on account of government spending and focus on these sectors but this sector will also suffer due to lock down. The demand for TMT bars keep fluctuating and are not stable and accordingly the selling prices also change quite abnormally and suddenly.

The availability of iron ore and coal in adequate quantity and at affordable prices have been and are the major threats to the Sponge Iron Industry. The government needs to put in to place a suitable mechanism to ensure availability of iron ore and coal to the sponge iron industry in adequate quantity and at affordable rates on a consistent basis by stopping/restricting the high profit taking attitude and mentality of the iron ore mine owners and of coal India limited. The government also needs to facilitate opening of new iron ore and commercial coal mines to create healthy competition so that their selling prices remain reasonable and affordable to the sponge iron/steel industry and the sponge/steel production in the country could increase speedily.

(c) Segment-wise Product-wise performance:

Your Company has only two segments namely Sponge Iron and gas taking into account the nature of the product, uses and production system. However, your Company mainly operates under the "Iron & Steel" Segment (the gas bottling plant at Raigarh being inoperative) and hence segment-wise result has not been given.

(d) Outlook :

In view of what has been stated in foregoing paragraphs; your Management perceives that the outlook of the Sponge iron Industry in the current financial year 2020-2021 looks grim unless the input cost becomes reasonable and affordable and the Governments and private sector start investing heavily in-house building and infrastructures so as to boost the demand for TMT bars which in turn can boost the Sponge Iron selling prices to reasonable and remunerative levels. The govt needs to aggressively help the real estate sector which is in recession for past several years due to low demand resulting in high level of unsold inventory with builders/promoters.

(e) Risks & Concerns :

Risk is inherent in every business activity and Sponge Iron Industry is no exception. The steel industry displays strong commodity characteristics and is subject to cyclical price movements in business cycles. The Company is exposed to risks from overall market fluctuations, cheaper import of steel, changes in government policy, laws of the land, taxation, man-made disaster, political risks and increase in cost of inputs like Iron ore, coal, power, diesel, freight, etc. which affect the financial performance of the Company.

(f) Internal Control System and its Adequacy :

The Company has proper and adequate system of internal controls commensurate with its size and nature of operations to provide reasonable assurance that all assets are safe guarded, transactions are authorized, recorded and reported properly and applicable statutes are duly complied with. The Company has constituted an Audit Committee to monitor the adequacy and efficacy of internal control systems.

The adequacy of these compliances and their effectiveness is subject to statutory audit and the same has been adequately reported by the Auditors in their report as required under the relevant provisions of the Companies Act, 2013. The Company also has an Internal Audit System.

(g) Discussions on financial performance with reference to operational Performance:

During the year under review the Company's operational and financial performance has been quite dissatisfactory. During the year the production of Sponge Iron was only 4356 M.T. , the Company's revenue from operations net of taxes stood at Rs 818.11 lacs (previous year Rs.276.47 lacs) and the other income stood at Rs 298.54 lacs (previous year Rs.1473.58 lacs) and hence the total income stood at Rs 1116.65 lacs (previous year Rs.1705.05 lacs). The company has incurred a net loss of Rs (367.28) lacs (previous year net profit of Rs.752.42 lacs). The Other Comprehensive Income (OCI) for the year stood at Rs.-120.04 lacs (previous year Rs.42.71 lacs). The total comprehensive income for the year stood at Rs.-487.32 lacs (previous year Rs.795.13 lacs).

(h) Material Developments in HRD and industrial Relations Front:

Your Directors recognize the value of employees as valuable assets. Developing, motivating, and retaining talented employees is a key responsibility and policy of your Company's management. The total no. of people employed by the company were thirteen as on year end.

i) Cautionary Statements:

Statements in this management discussion and analysis report describing the Company's objectives, projections, estimates and expectations may be termed as forward looking statements within the meaning of applicable laws and regulations. Actual results may differ materially from those either expressed or implied. The readers of this report are, therefore, advised to read the same with this caution.

(PURSUANT TO 17(8) AND PART B OF SCHEDULE II OF THE SEBI LODR REGULATIONS – 2015)**

To,
The Board of Directors
Ashirwad Steels & Industries Ltd.
6, Waterloo Street,
Kolkata 700069.

Dear Sirs,

I, Dalbir Chhibbar, the Managing Director of the company, and Mr. Chandra Prakash Srivastava, the Chief Financial Officer (CFO) of the Company submit hereunder the compliance certificate as above for your information, perusal and for doing the needful.

- A. We have reviewed financial statements and the cash flow statement of Ashirwad Steels & Industries Ltd. for the financial year ended 31.03.2020 and that to the best of our knowledge and belief:

Report on the Audit of the Standalone Financial Statements**

Opinion

We have audited the standalone financial statements of Ashirwad Steels & Industries Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2020, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (here in after referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, the loss and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

We draw your attention to Note 3 to the standalone financial statements which explains the uncertainties and management's assessment of the financial impact due to the lock-down / restrictions related to the Covid-19 pandemic imposed by the Governments, for which a definitive assessment of the impact is dependent upon future economic conditions. Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Description of Key Audit Matter
Revenue recognition

Sr. No.	Key Audit Matter	How the matter was addressed in our audit
1.	<p>Accuracy of recognition, measurement, presentation and disclosures of revenues and other related balances in view of adoption of Ind AS 115 "Revenue from Contracts with Customers" (new revenue accounting standard) Revenue is recognized when the control of the underlying products has been transferred to the customer.</p> <p>Revenue is measured net of discounts, rebates and incentives earned by customers on the Company's sales if any.</p> <p>We identified Revenue recognition as a key audit matter because of the management judgment involved in determining the application of key judgments relating to identification of distinct performance obligations, determination of transaction price of the identified performance obligations, the appropriateness of the basis used to measure revenue recognized over a period.</p>	<p><u>Our audit procedures included:</u></p> <p>We assessed the Company's process to identify the impact of adoption of the new revenue accounting standard.</p> <p>Our audit approach consisted testing of the design and operating effectiveness of the internal controls and substantive testing as follows:</p> <p>Evaluated the design of internal controls relating to Implementation of the new revenue accounting standard.</p> <p>Assessing the appropriateness of the revenue recognition, accounting policies, including those relating to discounts, rebates and incentives by comparing applicable accounting standards.</p> <p>Testing the design, implementation and operating effectiveness of the Company's general IT controls over the Company's systems and manual controls which govern recording of revenue and discounts, rebates and incentives in the general ledger accounting system.</p> <p>Performing substantive testing (including year-end cut off testing) by selecting samples of revenue transactions recorded during the year (and before and after the financial year end) by verifying the underlying documents, which included sales invoices/contracts and other documents.</p> <p>Comparing the historical discounts, rebates and incentives to current payment trends. We also considered the historical accuracy of the Company's estimates in previous years.</p> <p>Considered the adequacy of the Company's disclosures in respect of revenue.</p>

Evaluation of key tax matters

Sr. No.	Key Audit Matter	How the matter was addressed in our audit
2.	<p>The Company operates in multiple jurisdictions and is subject to periodic challenges by local tax authorities on a range of tax matters during the normal course of business including indirect tax matters and other litigation(s). These involve significant judgment by the company to determine the possible outcome of the uncertain tax positions, consequently having an impact on related accounting and disclosures in the financial statements.</p>	<p><u>Our audit procedures included the following substantive procedure;</u></p> <ol style="list-style-type: none"> 1. Obtain an understanding of key tax matters 2. The audit team along with our internal tax experts read and analysed select key correspondences, external legal opinions/ consultation obtained by Company for key tax matters 3. Evaluated the key assumptions made by the company in estimating the current and deferred tax balances, 4. Assessed the company's estimate of the possible outcome of the disputed cases and pending litigations by considering legal precedence and other judicial rulings and; 5. Assessed and tested the presentation and disclosures relating to taxes and litigations.

Adoption of Ind As 116 Leases

Sr. No.	Key Audit Matter	How the matter was addressed in our audit
3.	<p>As described in Note 1 to the financial statements, the Company has adopted Ind AS 116 Leases, in the current year.</p> <p>Ind AS 116 introduces a new accounting model, wherein lessees, are required to recognise a right-of-use asset and a lease liability arising from a lease on the balance sheet. The lease liabilities are initially measured by discounting future lease payments during the lease terms as per the contract / arrangement. Adoption of the standard involves significant judgements and estimates including determination, of the discount rates and the lease terms.</p>	<p><u>Our audit procedures on adoption of Ind AS 116 Leases include;</u></p> <ol style="list-style-type: none"> 1. Assessed and tested new processes and controls in respect of the lease accounting standard 116 Leases, 2. Assessed the company's evaluation on the identification of leases based on the contractual agreements and our knowledge of the business; 3. Assessed that the company does not have any lease contracts / arrangements that qualifies to be a lease as per requirements of Ind AS 116 Leases, hence there is no impact in the financial statements of the company, as a result comparatives for the year ended 31st March, 2019 have not been retrospectively adjusted. However, lessor accounting remains the similar to the current standard -i.e. lessors continue to classify leases as finance or operating leases, it replaces existing lease guidance, Ind AS 17

Sr. No.	Key Audit Matter	How the matter was addressed in our audit
4.	<p>Classification and measurement of financial assets – Business model assessment</p> <p>Ind As 109, Financial Instruments, contain three principal measurement categories for financial assets i.e.</p> <p>Amortised cost Fair value through Other Comprehensive Income (FVOCI) and Fair value through Profit and Loss (FVTPL)</p> <p>The term ‘business model’ refers to the way in which the Company manages its financial assets in order to generate cash flows. That is, the Company’s business model determines whether cash flows will result from contractual cash flows, selling the financial assets or both.</p> <p>We identified business model assessment as a key audit matter because of the management judgment involved in determining the intent of purchasing and holding a financial asset which could lead to different classification and measurement outcomes of the financial assets and its significance to the financial statements of the Company.</p>	<p><u>Our audit procedures included:</u></p> <p><u>Design / controls</u></p> <p>Assessing the design, implementation and operating effectiveness of key internal controls over management’s intent of purchasing a financial assets and classification of such financial assets on the basis of management’s intent (business model). For financial assets classified at Amortized cost, we tested controls over the classification of such assets and subsequent measurement of assets at Amortized cost For financial assets classified at FVOCI, we tested controls over the classification of such assets and subsequent measurement of assets at fair value.</p> <p><u>Substantive tests.</u></p> <p>Test of details over classification and measurement of financial assets in accordance with management’s intent. (Business model). We selected a sample of financial assets to test whether their classification as at the balance sheet date is in accordance with management’s intent. We selected a sample (based on quantitative thresholds) of financial assets sold during the year to check whether there have been any sales of financial assets classified at amortized cost, FVOCI or FVTPL. We have also checked that there have been no reclassifications of assets in the current period.</p>

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the financial statements and our auditor's report thereon. Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance, conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

Based on the work we have performed; we conclude that there is no material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the state of affairs, profit and other comprehensive income, changes in equity and cash flows of the Company in accordance with the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safe guarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial control system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in

- (i) planning the scope of our audit work and in evaluating the results of our work; and
- (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

- 1) As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraph 3 and 4 of the order, to the extent applicable.
- 2) As required by Section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The standalone Balance Sheet, the standalone statement of profit and loss (including other comprehensive income), the standalone statement of changes in equity and the standalone statement of cash flow dealt with by this Report are in agreement with the relevant books of account.
 - d) In our opinion, the aforesaid standalone financial statements comply with the IndAS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014, as may be amended.
 - e) On the basis of the written representations received from the directors as on March 31, 2020 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2020 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i) The Company has disclosed the impact of pending litigations as at March 31, 2020 on its financial position in its standalone financial statements (Refer note 33 to the standalone financial statements).
 - ii) The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.
 - iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

- 3) With respect to the matter to be included in the Auditor's Report under Section 197(16) of the Act:

In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are Required to be commented upon by us.

Annexure - A to the Independent Auditors' Report

With reference to the Annexure A referred to in the Independent Auditor's Report to the members of the Company on the standalone financial statements for the year ended March 31, 2020, we report the following:

- i. In respect of the Company's Property, plant and equipment:
 - (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.
 - (b) The Company has physically verified all the major property, plant and equipment as per a phased program of verification. In our opinion, the periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. The discrepancies reported on such verification were not material and have been properly dealt in the books of accounts.
 - (c) According to the information and explanations given to us, and the records examined by us and based on the examination of the records/deeds provided to us, we report that the title deeds of all the immovable properties other than self-constructed immovable properties (Building and Factory sheds etc.) are held in the name of the Company.
- ii. As per the information furnished to us, the management has conducted physical verification of inventory at reasonable intervals during the year wherever possible and required, and the discrepancies noticed have been properly dealt with in the books.
- iii. According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured to Companies, Firms, Limited Liability Partnership or other parties covered in the register maintained under section 189 of the Companies Act, 2013. Accordingly, paragraphs 3(iii), (a), (b) and (c) of the Order are not applicable to the Company.
- iv. In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Sections 186 of the Act in respect of grant of loans, making investments and providing guarantees and securities, as applicable. No loan has been given to any director of the Company.
- v. In our opinion and according to the information and explanations given to us, the Company has not accepted any deposits from public within the meaning of sections 73 to 76 or any other relevant provisions of the Companies Act, 2013 and the rules framed there under and hence no reporting on this account is required.

- vi. Since the net worth of the Company is less than Rupees one hundred and fifty crores and the turnover in respect of Sponge iron is less than Rupees thirty-five crores, the requirement of maintenance of cost records is not necessary as per relevant provisions of the Companies Act, 2013.
- vii. The Company is generally regular in depositing undisputed statutory dues including staff provident fund, Employees' State Insurance, Income Tax, Excise Duty, Cess, Goods and Services Tax, and other material statutory dues as applicable to it.
- viii. In our opinion there is no amount required to be transferred to Investor Education and Protection Fund in accordance with the relevant provisions of the Companies Act, 2013 and rules framed there under.
- ix. The Company has not taken any loans or borrowings from financial institutions, banks and government or has not issued any debentures. Hence reporting under clause 3 (viii) of the Order is not applicable to the Company.
- x. In our opinion and according to the information and explanations given to us, the Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) or term loans and hence reporting under clause 3 (ix) of the Order is not applicable to the Company.
- xi. To the best of our knowledge and according to the information and explanations given to us, no fraud by the Company or no material fraud on the Company by its officers or employees has been noticed or reported during the year.
- xii. In our opinion and according to the information and explanations given to us, the Company has paid/provided managerial remuneration in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V to the Act.
- xiii. The Company is not a Nidhi Company and hence reporting under clause 3 (xii) of the Order is not applicable to the Company.
- xiv. In our opinion and according to the information and explanations given to us, the Company is in compliance with Section 177 and 188 of the Companies Act, 2013 where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the standalone financial statements as required by the applicable accounting standards.
- xv. According to the information and explanations give us and based on our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year.
- xvi. In our opinion and according to the information and explanations given to us, during the year the Company has not entered into any non-cash transactions with its Directors or persons connected with them.
- xvii. In our Opinion and according to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, paragraph 3 (xvi) of the Order is not applicable to the Company.

Annexure - B to the Independent Auditors' Report

With reference to the Annexure B referred to *paragraph 1A (f) under* Report on Other Legal and Regulatory Requirements of the Independent Audit Report to the members of the Company on the standalone financial statements for the year ended March 31, 2020, we report the following:

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (the "Act")**Opinion**

We have audited the internal financial controls with reference to standalone financial statements of **ASHIRWAD STEELS & INDUSTRIES LIMITED** ("the Company") as of March 31, 2020 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, an adequate internal financial controls with reference to standalone financial statements and such internal financial controls were operating effectively as at March 31, 2020, based on the internal control with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the 'Guidance Note').

Management's Responsibility for Internal Financial Controls

The Company's Management and the Board of Directors of the Company are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential component of stated in the Guidance Note issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements were established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effective internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to standalone financial statement.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control with reference to standalone financial statement is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to standalone financial statement includes those policies and procedures that:-

- (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (iii) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

ASHIRWAD STEELS & INDUSTRIES LIMITED
Notes forming part of the financial statements

Note No : 1 Corporate Informations

ASHIRWAD STEELS & INDUSTRIES LIMITED (“the Company”) is a public limited company incorporated and domiciled in India. The registered office of the Company is situated at 6, Waterloo Street, 5th Floor, Room No. 506, Kolkata- 700 069, West Bengal, India. The Company's shares are listed on the BSE Ltd., (Bombay Stock Exchange). The Company's main business is to produce Sponge Iron and has one Sponge Iron Plant at Jamshedpur. Besides the Company has two bottling Plants with one located at Uluberia, Howrah, West Bengal (given on lease) and the second one is at Raigarh in the State of Chhattisgarh. The financial statements for the year ended 31st March, 2020 were approved for issue by the Board of Directors of the Company in their meeting held on 19th June, 2020 and is subject to the adoption by the shareholders in the ensuing 34th Annual General Meeting.

Note No. : 2 Summary of basis of compliance, basis of preparation and presentation, Critical accounting estimates, assumptions and judgements and significant accounting policies

2.1 Basis of compliance

The financial statements comply, in all material aspects, with Indian Accounting Standards ('Ind AS') notified under Section 133 of the Companies Act, 2013 (“Act”) read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 (as ammended) and other relevant provisions of the Act to the extent applicable and applicable guidelines issued by the Securities and Exchange Board of India ('SEBI')

2.2 Basis of preparation and presentation

These financial statements have been prepared in accordance with Ind AS on the historical cost basis except for Certain financial instruments which are measured at fair value at the end of each reporting period. Historical cost is generally based on the fair value of the consideration in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in Schedule III to the Companies Act, 2013. The Company has ascertained its operating cycle as 12 months for the purpose of current and non-current classification of assets and liabilities. The financial statements including notes thereon are presented in Indian Rupees (“Rupees” or “Rs.”), which is the Company's functional and presentation currency. All amounts disclosed in the financial statements including notes thereon have been rounded off to the nearest lacs and thousands as per the requirement of Schedule III to the Act, unless stated otherwise.

2.3 Critical accounting estimates, assumptions and judgements

The preparation of the financial statements requires management to make estimates, assumptions and judgements that effect the reported balances of assets and liabilities and disclosures as at the date of the financial statements and the reported amounts of income and expenses for the periods presented. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates considering different assumptions and conditions. Estimates and underlying assumptions are reviewed on an on going basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying values of assets and liabilities within the next financial year are discussed below :-

2.3.1 Deferred income tax assets and liabilities

Significant management judgment is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits. The amount of total deferred tax assets and liabilities could change if management estimates of projected future taxable income or if tax regulations undergo a change.

2.3.2 Useful lives of property, plant and equipment ('PPE')

PPE represent a significant proportion of the asset base of the Company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual value of the asset are determined by the management when the asset is acquired and reviewed periodically including at each financial year end. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their lives, such as change in technology.

2.3.3 Estimated fair value of unlisted securities

The fair values of financial instruments that are not traded in an active market and cannot be measured based on quoted prices Management uses its judgement to select a variety of method / methods and make assumptions that are mainly based on market conditions existing at the end of each financial year. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could effect the reported fair value of financial instruments.

2.3.4 Provisions and contingencies

From time to time, the Company is subject to legal proceedings, the ultimate outcome of each being subject to uncertainties inherent in litigation. A provision for litigation is made when it is considered probable that a payment will be made and the amount can be reasonably estimated. Significant judgement is required when evaluating the provision including, the probability of an unfavourable outcome and the ability to make reasonable estimate of the potential loss. Litigation provisions are reviewed at each accounting period and revisions made for the changes in facts and circumstances. Contingent liabilities are disclosed in the notes forming part of the financial statements. Contingent assets are not disclosed in the financial statements unless an inflow of economic benefits is probable.

2.4 Property, plant and equipment (PPE)

An item of property, plant and equipment is recognised as an asset if it is probable that the future economic benefits associated with the item will flow to the company and its cost can be measured reliably. This recognition principle is applied to the costs incurred initially to acquire an item of PPE, and also costs incurred subsequently to add to, replace part of, or service it and subsequently carried at cost less accumulated depreciation and accumulated impairment losses, if any. The cost of an asset includes the purchase cost of materials, including import duties and non-refundable taxes, and any directly attributable costs of bringing an asset to the location and condition of its intended use. The carrying amount of the replaced part is derecognised. All other repair and maintenance costs are recognised in the statement of profit and loss as incurred. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision is met. When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment. The cost and related accumulated depreciation are eliminated from the financial statements upon sale or retirement of the asset and the resultant gains or losses are recognized in the Statement of Profit and Loss. During the year, in terms of Ind AS 36 Impairment of Assets, the company has determined impairment loss (if any) in respect of its Assets wherever considered necessary. Depreciation methods, estimated useful lives and residual value Freehold land is not depreciated. Lease-hold land are amortised over the lease term. Depreciation on other items of PPE is provided on a straight-line basis to allocate their cost, net of their residual value over the estimated useful life of the respective asset as specified in Schedule II to the Companies Act, 2013, except for Power transmission lines and Mobile phones which are depreciated over a period of five years and three years respectively, if any The estimated useful lives are determined based on assessment made by technical experts, in order to reflect the actual usage of the assets. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.

The estimated useful lives considered are as follows:

Category	Useful life
Buildings (other than factory building)	60 years
Factory Building	30 years
Plant & Machinery	25 years
Electrical Installation & Equipment (for double shift)	20 years
Generator Set (for Double Shift)	20 years
Laboratory Equipment	10 years
Weighing Machines, Tools & Implements, Pollution Equipments & Fire fighting equipments	25 years
Computer & Accessories	3 years
Office Equipments including Air Conditioners	5 years
Furniture & Fixtures	10 years
Motor Cars	8 years
Motor Cycles & Scooters	10 years

There exists no restrictions or any encumbrances on title by way of any security/ pledge of any property or plant & Equipment against any liability of the company. The estimated useful lives, residual values and depreciation method are reviewed at-least at the end of each financial year and are adjusted ,wherever appropriate and required.

Capital work in progress ('CWIP')

Projects under commissioning and other CWIP are carried at cost, comprising direct cost, related incidental expenses and attributable borrowing cost, if any. Subsequent expenditures relating to property, plant and equipment are capitalised only when it is probable that future economic benefit associated with these will flow to the company and the cost of the item can be measured reliably. Advances given to acquire property, plant and equipment are recorded as non-current assets and subsequently transferred to CWIP on

2.5 Non-current assets held for sale and discontinued operations

Non-current assets (including disposal groups) are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and a sale is considered highly probable. Non-current assets classified as held for sale are measured at lower of their carrying amount and fair value less cost to sell. Non-current assets classified as held for sale are not depreciated or amortised from the date when they are classified as held for sale. Non-current assets classified as held for sale and the assets and liabilities of a disposal group classified as held for sale are presented separately from the other assets and liabilities in the Balance sheet. A discontinued operation is a component of the entity that has been disposed off or is classified as held for sale and:

- a) Represents a separate major line of business or geographical area of operations and;
- b) Is part of a single co-ordinated plan to dispose of such a line of business or area of operations. The results of discontinued operations are presented separately in the Statement of Profit and Loss.

2.6 Financial instruments

Financial assets and financial liabilities are recognised in the Balance sheet when the Company becomes a party to the contractual provisions of the instrument. The Company determines the classification of its financial assets and financial liabilities at initial recognition based on its nature and characteristics.

a) Financial assets

i) Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. The financial assets include equity , trade and other receivables, loans and advances, cash and bank balances and derivative financial instruments

ii) Subsequent measurement

For the purpose of subsequent measurement, financial assets are classified in the following categories:

- 1) At amortised cost,
- 2) At fair value through other comprehensive income (FVTOCI), and
- 3) At fair value through profit or loss (FVTPL).

Debt instruments

A financial asset or financial liability is initially measured at fair value plus, for an item not at fair value through profit and loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue. Transaction costs of financial assets carried at fair value through profit and loss are expensed in the Statement of Profit and Loss. Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the assets.

There are three measurement categories into which Company classifies its debt instruments:

a) Amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- 1) The asset is held within a business model whose objective is to hold the asset for collecting contractual cash flows,
- 2) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR.

b) Fair value through Other Comprehensive Income ('FVTOCI')

Assets that are held for collection of contractual cash flows and for selling the financial assets, cash flows represent solely payments of principal and interest, are measured at FVTOCI. Movements in the carrying amount are recorded through OCI, except for the recognition of impairment gains or losses, interest revenue which are recognised in the Statement of Profit & Losses.

c) Fair value through Profit and loss ('FVTPL')

Assets that do not meet the criteria for amortised cost or FVTOCI are measured at FVTPL. A gain or loss on a debt investment that is subsequently measured at FVTPL is recognised net in the Statement of Profit and Loss in the period in which it arises. Interest income from these financial assets is included in other income.

Equity investments

All equity investments in the scope of Ind AS 109 are measured at fair value. Equity instruments included within the FVTPL category, if any, are measured at fair value with all changes recognized in profit or loss. The Company may make an irrevocable election to present in OCI subsequent changes in the fair value. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable. If the Company decides to classify an equity instrument at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in OCI. There is no recycling of the amounts from OCI to profit or loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

iii) De-recognition

The Company derecognises a financial asset only when the contractual rights to the cash flows from the asset expires or it transfers the financial asset and substantially all the risks and rewards of ownership of the asset

b) Financial liabilities**(i) Initial recognition and measurement**

All financial liabilities are recognised initially at fair value. The financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, derivative financial instruments etc.

(ii) Subsequent measurement

For the purpose of subsequent measurement, Financial liabilities are classified in two categories:

- 1) Financial liabilities at amortised cost, and
- 2) Derivative instruments at fair value through profit or loss (FVTPL)

c) Financial Guarantee contracts

Financial guarantee contracts are recognised as a financial liability at the time of issuance of guarantee. The liability is initially measured at fair value and are subsequently measured at the higher of the amount of loss allowance determined, or the amount recognised less, the cumulative amount of income recognised.

d) Derivative financial instruments Initial recognition and subsequent measurement

Derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative. Any gains or losses arising from changes in the fair value of derivatives are taken directly to profit or loss.

e) Offsetting of financial instruments

Financial assets and financial liabilities including derivative instruments are offset and the net amount is reported in the Balance sheet, if there is currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis or to realise the assets and settle the liabilities simultaneously

f) Fair value measurement

Fair value is a market-based measurement, not an entity-specific measurement. Under Ind AS, fair valuation of financial instruments is guided by Ind AS 113 "Fair Value Measurement." For some assets and liabilities, observable market transactions or market information might be available. For other assets and liabilities, observable market transactions and market information might not be available. However, the objective of a fair value measurement in both cases is the same to estimate the price at which an orderly transaction to sell the asset or to transfer the liability would take place between market participants at the measurement date under current market conditions (i.e. an exit price at the measurement date from the perspective of a market participant that holds the asset or owes the liability). Three widely used valuation techniques specified in the said Ind AS are the market approach, the cost approach and the income approach which have been dealt with separately in the said Ind AS. Each of the valuation techniques stated as above proceeds on different fundamental assumptions, which have greater or lesser relevance, and at times there is no relevance of a particular methodology to a given situation. Thus, the methods to be adopted for a particular purpose must be judiciously chosen. The application of any particular method of valuation depends on the company being evaluated, the nature of industry in which it operates, the company's intrinsic strengths and the purpose for which the valuation is made. In determining the fair value of financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each balance sheet date.

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs)

g) Share capital

An equity instrument is a contract that evidences residual interest in the assets of the Company after deducting all of its liabilities. Incremental costs directly attributable to the issuance of new equity shares are recognized as a deduction from equity, net of any tax effects.

2.7 Impairment of Assets**a) Non-financial assets**

Property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that the carrying amounts may not be recoverable. An impairment loss is recognized for the amount by which the carrying amount of the asset exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units). In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators. If at the balance sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the impairment loss previously recognized is reversed such that the asset is recognized at its recoverable amount but not exceeding written down value which would have been reported if the impairment loss had not been recognized.

b) Financial assets

The Company recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. ECL impairment loss allowance is measured at an amount equal to lifetime ECL. ECL impairment loss allowance (or reversal) recognized during the period is recognized as income or expense in the Statement of Profit and Loss. This amount is reflected under the head "Other expenses" in the profit or loss. ECL is presented as an allowance, i.e. as an integral part of the measurement of those assets in the Balance sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the Company does not reduce impairment allowance from the gross carrying amount

2.8 Inventories

a) Inventories (other than By-products and scraps) are valued at lower of cost and net realisable value after providing for obsolescence and other losses, if any. Cost of inventory comprises of purchase price, cost of conversion and other directly attributable costs that have been incurred in bringing the inventories to their respective present location and condition. Borrowing costs are not included in the value of inventories. The cost of inventories is computed on FIFO (First in First Out) basis Net realisable value (NRV) is the estimated selling price in the ordinary course of business less estimated costs of completion and the estimated costs necessary to make the sale. b) By-products and scraps are valued at net realisable value (if any)

2.9 Revenue recognition**2.9.1 Sale of goods**

Revenue is recognised upon transfer of control of promised goods to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those goods. Revenue from the sale of goods is recognised at point in time when control is transferred to the customer which is usually on dispatch / delivery of goods, based on contracts with the customers. Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, price concessions, incentives, and returns, if any, as specified in the contracts with customers. Revenue excludes taxes collected from customers on behalf of the government. Accruals for discounts/incentives and returns are estimated (using the most likely method) based on accumulated experience and underlying schemes and agreements with customers. Due to the short nature of credit period given to customers, there is no financing component in the contract. The Company has adopted Ind AS 115 Revenue from contracts with customers, with effect from April 1, 2018. Ind AS 115 establishes principles for reporting information about the nature, amount, timing and uncertainty of revenues and cash flows arising from the contracts with its customers and replaces Ind AS 18 Revenue and Ind AS 11 Construction Contracts. Ind AS 115 Revenue from contracts with customers permits either the full retrospective or the modified retrospective method. The Company has adopted 'modified retrospective' method whereby the effect of applying this standard is recognised at the date of initial application (i.e. April 1, 2018). Accordingly the comparative information in the Statement of Profit & Loss is not restated.

2.9.2 Interest income

For all debt instruments measured either at amortised cost or FVTOCI, interest is recorded using EIR method.

2.9.3 Dividend Income

Dividend income is accounted for when Company's right to receive the income is established.

2.10 Leases

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset and the arrangement conveys a right to use the asset even if that right is not explicitly specified in an arrangement. For arrangements entered into prior to the transition date, i.e. 1st April, 2017, the Company has determined whether the arrangements contain lease on the basis of facts and circumstances existing on the date of transition.

a) When the Company is a lessee

A lease is classified at the inception date as a finance lease or an operating lease. Leases under which substantially all the risks and rewards of ownership are transferred to the Company are classified as finance leases. Payment made under operating leases are recognized as expense in the Statement of Profit and Loss on a straight line basis over the lease term, unless the receipts are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increase.

b) When the Company is a lessor

Leases in which the Company does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Where the escalation of lease rentals is in line with the expected general inflation so as to compensate the lessor for expected inflationary cost, the increases in the rentals is not straight lined The Company is not required to make any adjustments on transition to Ind AS 116 for leases in which it acts as a lessor.

Transition to Ind AS 116 Ind AS 116 - Leases:

With effect from April 1, 2019 the Company has adopted Ind AS 116, Leases using the modified retrospective approach. Ind AS 116 - Leases introduces a single, on- balance sheet lease accounting model for lessees. A lessee recognises a right-of-use asset representing its right to use the underlying asset and a lease liability representing its obligation to make lease payments. There are recognition exemptions for short-term leases and leases of low-value items. Lessor accounting remains similar to the current standard - i.e. lessors continue to classify leases as finance or operating leases. It replaces existing leases guidance, Ind AS 17, Leases. The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgement. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate. However the company does not have any lease contracts as a lessee, hence there is no impact in the financial statements of the Company. As a result, comparatives for the year ended 31st March, 2019 have not been retrospectively adjusted.

2.11 Employee benefits**a) Short-term employee benefits**

Short-term employee benefits in respect of salaries and wages, including non-monetary benefits are recognised as an expense at the undiscounted amount in the Statement of Profit and Loss for the year in which the related service is rendered.

b) Defined contribution plans

Payments to a defined contribution benefit scheme for eligible employees in the form of superannuation fund are charged as an expense as they fall due. The Company does not carry any further obligation, apart from the contributions made.

c) Defined benefit plans

The Company doesn't operate a defined benefit gratuity plan, which requires contributions to be made to the recognised fund. Hence Company doesn't carry out the Actuarial valuation.

2.12 Segment Reporting

Company is into a single line of business and doesn't have any Reportable Segment, hence Reporting requirements as per Ind AS 108 is not applicable.

2.13 Income tax

Income tax expense comprises current tax and deferred tax and is recognized in the Statement of Profit and Loss except to the extent it relates to items directly recognized in Equity or in OCI.

a) Current income tax

Current income tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities using the tax rates and tax laws that are enacted or substantively enacted by the balance sheet date and applicable for the period. Taxation Laws (Amendment) Act, 2019 enacted on December 11, 2019 (promulgated as the Taxation laws (Amendment) Ordinance, 2019 on September 20, 2019) amends the Income Tax Act, 1961, and Finance (No.2) Act, 2019. The Ordinance / Act provides domestic companies an option for lower tax rates, provided they do not claim certain deductions. The Company has opted for the lower tax rate pursuant to amendment in Taxation Laws and applied the new tax rate of 25.17% in making provisions of its tax liability including deferred tax asset deferred tax liabilities for the financial year 2019-20. Current tax items in correlation to the underlying transaction relating to OCI and Equity are recognized in OCI and in Equity respectively. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities. The Company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis or to realise the assets and settle the liabilities simultaneously.

b) Deferred income tax

Deferred income tax is recognized using the balance sheet approach. Deferred income tax assets and liabilities are recognized for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount in financial statements, except when the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profits or loss at the time of the transaction. Deferred tax assets are recognized for deductible temporary differences, the carry forward of unused tax credits and any

unused tax losses to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised. The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax assets to be utilised. Unrecognised deferred tax assets are re-assessed at each balance sheet date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the balance sheet date. Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off deferred tax assets against deferred tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority. Deferred tax assets include a credit for the Minimum Alternate Tax ('MAT') paid in accordance with the tax laws, which is likely to give future economic benefits in the form of availability of set off against future income tax liability. MAT asset is recognised as deferred tax assets in the Balance Sheet when the asset can be measured reliably, and it is probable that the that the future economic benefit associated with the asset will be realised.

2.14 Provisions, contingent liabilities and contingent assets

- a) A provision is recognized if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are not recognised for future operating losses. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at current pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. When discounting is used, the increase in the passage of time is recognized as finance costs. The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation as at the balance sheet date, taking into account the risks and uncertainties surrounding the obligation. When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognized as an asset, if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably. The expense relating to provision is presented in the Statement of Profit and Loss, net of any reimbursement.
- b) A contingent liability is not recognised in the financial statements, however, is disclosed, unless the possibility of an outflow of resources embodying economic benefits is remote. If it becomes probable that an outflow of future economic benefits will be required for an item dealt with as a contingent liability, a provision is recognized in the financial statements of the period (except in the extremely rare circumstances where no reliable estimate can be made).
- c) A contingent asset is not recognised in the financial statements, however, is disclosed, where an inflow of economic benefits is probable. When the realisation of income is virtually certain, then the related asset is no longer a contingent asset, and is recognised as an asset.
- d) Provisions, contingent liabilities and contingent assets are reviewed at each balance sheet date.

2.15 Dividend

Final dividend (if declared) on shares is recorded as a liability on the date of approval by the shareholders and interim dividends (if declared) are recorded as a liability on the date of declaration by the Company's Board of Director's

2.16 Earnings per Share

- a) Basic earnings per share are computed by dividing the net profit/(loss) after tax by the weighted average number of equity shares outstanding during the year.
- b) Diluted earnings per share are computed by dividing the net profit/(loss) after tax by the weighted average number of equity shares considered for deriving basic earnings per share and also the weighted average number of equity shares which could be issued on the conversion of all dilutive potential equity shares.

2.17 Cash and cash equivalents

Cash and cash equivalents in the Balance sheet comprise cash on hand, cheques on hand, balance with banks on current accounts and short term, highly liquid investments with an original maturity of three months or less and which carry insignificant risk of changes in value. For the purpose of the Cash Flow Statement, Cash and cash equivalents consist of Cash and cash equivalents, as defined above and net of outstanding book overdrafts as they are considered an integral part of the Company's cash management.

2.18 Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit/loss before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing flows. The cash flows from operating, investing and financing activities of the Company are segregated

3. Impact of Covid-19

On account of Covid-19 outbreak globally and in India, the Company had on May 5th, 2020 made a disclosure in terms of Regulation 30 of SEBI (Listing Obligation and Disclosure Requirements) Regulations, 2015. The Company is in the business of manufacturing of sponge iron which support activities that are fundamental to the Indian economy. The impact of the Government imposed nation wide lock down/ restrictions on March 23, 2020 and from March 25, 2020 onwards due to the Covid-19 pandemic, impacted the company's production, sales, profitability and other operations. As a result Sponge iron plant situated at Jameshpur has to be closed down from March 23, 2020 due to lock-down on account of Covid-19. All productions and operations at the factory along with offices were closed. The management estimates the demand for the company's product to revive post monsoon and shall accordingly consider to restart the operations if the demand revives and operation becomes economically viable and there are no further lock-down due to Covid-19. In light of the above, inter alia, considering the internal and external factors, the Company has made assessment of its liquidity position, cash flows for the next one year and carrying amounts / value of Property, plant and equipment, trade receivables, inventories, investments and other assets as at the balance sheet date and has concluded that there are no material adjustments required in the financial results for the F.Y 2019-20 except the impairment of certain trade receivables, which are duly recorded in the audited financial results of the Company. The impact of the pandemic on economic outlook remain uncertain and may be different from that estimated as at the date of approval of these results.

Note:

In assessing the realisability of the deferred tax assets, management considers whether some portion or all of the deferred tax assets will not be realized. The ultimate realisation of the deferred tax assets, carried forward losses and unused tax credits is dependent upon the generation of future taxable income during the periods in which the temporary difference become deductible. Management considers the scheduled reversals of deferred tax liabilities, projected future taxable income and the planning strategies in making this assessment. Based on the historical taxable income and projection of future taxable income over the periods in which the deferred tax assets are deductible, management believes that the Company will realise the benefits of those recognised deductible differences, carried forward losses and portion of unused tax credits

B. Fair value hierarchy

The fair value of the financial assets and financial liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale

(2) The Company uses the following fair value hierarchy for determining and disclosing the fair value of financial instrument:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities. This category consists of investment in quoted equity shares

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part, using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data. This level of hierarchy includes Company's investment in equity shares which are unquoted or for which quoted prices are not available at the reporting dates. Carrying value of investments in unquoted shares approximates cost at which they are purchased

(I) Financial assets measured at fair value on a recurring basis as at 31st March, 2020:

(i) Investments in Equity Instruments	5	466.35	-	724.56	1,190.91
TOTAL FINANCIAL ASSETS		466.35	-	-	1,190.91

**There have been no transfer between Level 1 and Level 2 either during the year ended
31st March 2020 or during the year ended 31st March 2019**

- (i) Investments carried at fair value are generally based on market price quotations. However in cases where quoted prices are not available than different valuation technique have been used by the management for different investments. These investments in equity instruments are not held for trading. Instead, they are held for long term strategic purpose. The Company has chosen to designate this investments in equity instruments at FVOCI since, it provides a more meaningful presentation. Cost of certain investments in equity instruments have been considered as an appropriate estimate of fair value because of wide range of possible fair value measurements and cost represents the best estimate of fair value within that range.
- (ii) Fair value of cash and cash equivalents, bank balances other than cash and cash equivalents, trade and other receivables, loans and other current & Non-current financial assets, and other current financial liabilities approximate their carrying amounts due to the short term maturities of these instruments.
- (iii) Management uses its best judgement in estimating the fair value of its financial instruments. However, there are inherent limitations in any estimation technique. Therefore, for substantially all financial instruments, the fair value estimates presented above are not necessarily indicative of the amounts that the Company could have realised or paid in sale transactions as of respective dates. As such, fair value of financial instruments subsequent to the reporting dates may be different from the amounts reported at each reporting date.

Note No. : 33 Other disclosures

10) Financial risk management objectives and policies

The Company's principal financial liabilities are Trade payables and Bank overdraft charactersied with repayable in short period and beside that there exists no other financial liabilities. The Company's principal financial assets include Trade receivables, Cash and cash equivalents & other financial assets that derive directly from its operations.

The Company is exposed to credit risk, liquidity risk & market risk. The company's Senior management under the supervision of Board of Directors oversees the management of these risks, and the appropriate financial risk governance framework for the Company. The senior management provides assurance that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives.

(A) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises of interest rate risk, credit risks and other risks, such as regulatory risk and commodity price risk.

(I) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's obligations towards Bank overdraft with floating interest rates. But since it is for short duration it doesn't cast significant risk owing to this exposure. To mitigate the interest rate risk, the Company maintains an impeccable track record and ensures long term relation with the lenders to raise adequate funds at competitive rates. Company has access to low cost borrowings, because of its healthy balance sheet and company does not have any long term borrowings.

(II) Regulatory risk

Risk is inherent in every business activity and Sponge iron Industry is no exception. The Steel Industry displays strong commodity characteristics and is subject to cyclical price movements in business cycle. The company is exposed to risks from overall market, cheaper import of steel, changes in Government policies, law of the land, Taxation increases its cost of inputs like iron ore, coal, power, diesel, freight etc which effects the financial performance of the company.

(III) Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The impairment for financial assets are based on assumptions about risk of default and expected loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on the Company's past history, existing market conditions as well as forward looking estimates at the end of each balance sheet date. Financial assets are written off when there is no reasonable expectation of recovery, however, the Company continues to attempt to recover the receivables. Where recoveries are made, these are recognised in the Statement of Profit and Loss Based on Company's past history and the model under which company operates doesn't cast significant credit risk leading to impairment of its financial assets

(IV) Trade receivables

Trade receivables are non-interest bearing and do not involve Significant financing cost , hence Transaction value approximates fair value for Trade receivables. An impairment analysis is performed at each balance sheet date on an individual basis for major clients. In addition, a large number of minor receivables are grouped into homogenous groups and assessed for impairment collectively The maximum exposure to credit risk at the Balance sheet date is the carrying value of each class of financial assets disclosed under Note no. 10

The ageing analysis of the receivables has been considered from the date the invoice falls due

In line with Ind AS 109, company provided for the loss allowances measured using the life time expected credit loss under simplified approach.

(11) Balances with banks

Credit risk from balances with banks is managed in accordance with the Company's policy Liquidity risk The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of bank overdrafts and short term loans from banks.

12) Capital Management**(a) Risk management**

The Company's capital management is intended to create value for shareholders by facilitating the meeting of long term and short term goals of the Company The Company determines the amount of capital required on the basis of annual business plan coupled with long term and short term Strategic investments and expansion plans. The funding needs are met through equity, cash generated from operations, short term borrowings and through use of bank overdrafts.. For the purpose of the Company's capital management, capital includes issued equity capital, securities premium and all other equity reserves attributable to the equity shareholders of the Company. The Company's objective when managing capital is to safeguard its ability to continue as a going concern so that it can continue to provide returns to shareholders and other stake holders. The Company manages its capital structure and makes adjustments in light of changes in the financial condition and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders (buy back its shares) or issue new shares. In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. The Company has complied with these covenants and there have been no breaches in the financial covenants of any interest-bearing loans and borrowings. The Company monitors the capital structure on the basis of net debt to equity ratio and maturity profile of the overall debt portfolio of the company
